Sir:

In response to the restriction requirement, dated October 2, 2002, Applicant elects Group 4, claims 32-94 for examination. This election is made with traverse.

The Examiner has identified the application as containing claims directed to one. The Examiner has required the Applicant to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted. The Examiner believes there are no generic claims. Applicant has been advised that a response to this requirement shall include an identification of the species that is elected and a listing of all claims readable thereon.

In response to the Examiner's requirement, Applicant elects the species of Figure 12 for examination on which claims 32-94 are readable.

Applicant submits that if any of the elected claims are found to be allowable, claims dependent therefrom should be similarly be considered allowable in the same application.

Applicant reserves the right to file a Divisional Application directed to non-elected claims 1-31.
